

Did you know that the YMCA is a volunteer run organization? The organization is staff driven by the Executive Director, but the position is hired by our volunteer board of directors. Nationally, the YMCA can claim around 430,000 volunteers in over 2000 YMCA's!

Volunteers are an important part of the Bath Area Family YMCA. They participate in every aspect of Association work from developing policy and programs to coaching teams, timing at swim meets, assisting with child care, facilities maintenance, landscaping, staffing the café, and helping with special events. Volunteers are an important link to the community, giving feedback and improving services. We have many volunteer opportunities available to suit most schedules. If you have questions about volunteering at the YMCA, call Francie (x47) or fill out a volunteer application (link to application here).

Volunteer Statistics from our YMCA

In 2004 at the Bath Area Family YMCA

160 individuals volunteered 7, 830 hours

helping with swim & gymnastics meets, programs, boards & committees, fundraisers, special events and administrative help.
